

# Exasan

The one-piece practice couch

**Comfortable lying** thanks to 80 cm width

**Foldable** with small pack size

One integrated **screw base**

◀ The one-piece Exasan is a flexible side couch for unspecified examinations in any clinic.

A finely adjustable screw base guarantees good stability even on slightly uneven floors.

The **Exasan** is the standard couch for every treatment room. The sturdy tubular steel design with stable screwed foot stirrups gives both the patient and the medical professional stability and comfort during the examination.
