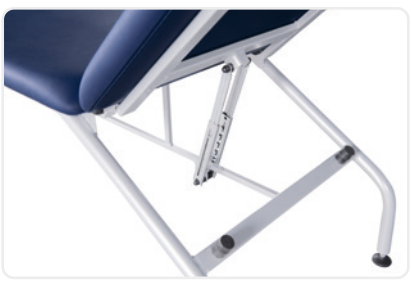
Exasan Duo

The practice couch with head section

Head-down position possible

Head section ratchet adjustment: -30° – +45°

4 adjustable **screw feet**



The integrated ratchet adjustment offers a wide range of adjustment options for the head section.

The couch can optionally be fitted with a paper roll holder.

The **Exasan Duo** practice couch has an adjustable head section, which enables more specialised examination variants in the treatment room. The stable design and adjustable screw feet provide safety for patients and medical professionals.

Product images

The product images on this page show the standard version of the practice couch. The final product changes visually due to optional equipment (“Extra equipment/optional” on next page), such as a nose slit incl. cover. If you have any questions regarding an order, please do not hesitate to contact us ✉.

Note on colour representation: The product images shown on this page are for illustrative purposes only. Colour variations between the screen display and the actual product are possible due to different display technologies and individual device settings. This applies in particular to the metal colour RAL 7035 shown. Only the original RAL colour tone according to the manufacturer's specifications is authoritative.
